About This Collection

Captured by adventurous Wayfarers, these 4K Destiny 2 wallpapers transform your phone into a portal across alien frontiers. Whether you're chasing the ghostly trail of the Destiny cube wallpaper or scanning the bazaar for hidden lore, every image holds the weight of a galaxy at war. From the neon glow of the Destiny 2 bazaar to the towering shadow of pyramid ships over the forest background, each scene pulses with Lightfall's restless energy. The Exo Stranger and Hawthorne stand among towering cube and conceptual art vistas, their figures caught mid-stride against ultra HD skies that stretch beyond the 1920x1080 frame. Head to the link above if you want 4K or mobile versions.
